

CURRICULUM VITAE

JENIL PATEL, M.B.B.S., M.P.H., Ph.D.

The University of Texas Health Science Center at Houston (UTHealth Houston) School of Public Health
Southwest Center for Occupational and Environmental Health
2777 N. Stemmons Fwy · Suite 8400 · Dallas, TX 75207
Email: Jenil.Patel@uth.tmc.edu ☎ 972-546-2957

CURRENT APPOINTMENT

Assistant Professor (2021 – Present)

Department of Epidemiology (Primary Appointment)
Department of Environmental and Occupational Health Sciences (Secondary Appointment)
UTHealth Houston School of Public Health, Dallas, Texas

Center Affiliation (2021 – Present)

Southwest Center for Occupational and Environmental Health

Program Director (2022 – Present)

Occupational Epidemiology Doctoral Training Program

Program Director (2022 – Present)

Pilot Projects Research Training Program

A. BACKGROUND

A.1. EDUCATION

2014-2018	Ph.D. in Epidemiology (Delta Omega Honors) Minor in Biostatistics Breadth: <i>Research Methods & Practices in Occupational Health</i> University of Texas School of Public Health, Houston, Texas
2011-2013	Master of Public Health Major in Health Education Western Kentucky University, Bowling Green, Kentucky
2005-2011	M.B.B.S. (U.S. M.D. equivalent - Bachelor of Medicine and Surgery) Smt. B.K. Shah Medical Institute & Research Centre Gujarat University, Gujarat, India

A.2. POST-GRADUATE TRAINING

2018-2021	Postdoctoral Research Fellow Department of Epidemiology Arkansas Center for Birth Defects Research and Prevention Fay W. Boozman College of Public Health
-----------	---

University of Arkansas for Medical Sciences, Little Rock, Arkansas

A.2. AWARDS AND HONORS

2026-Present	Health Education Faculty Fellowship Program (HEFP) Scholar, UTHealth Houston
2020	Society for Epidemiological Research-SPC Travel Award
2019	Scholar, Health Equity Leadership Institute, The University of Wisconsin-Madison School of Medicine and Public Health & The University of Maryland School of Public Health
2018	Delta Omega Honorary Society in Public Health
2016	Dean's Excellence Scholarship, University of Texas School of Public Health
2015	Dean's Excellence Scholarship, University of Texas School of Public Health
2014	Dean's Excellence Scholarship, University of Texas School of Public Health
2013	New Outstanding Doctoral Student Scholarship – UT School of Public Health
2013	Dean's Excellence Scholarship, University of Texas School of Public Health
2013	Kentucky Public Health Association – WKU Student Chapter Officer Appreciation Honor
2011	Academic Excellence in Public Health Education, College of Health and Human Services, Western Kentucky University

A.3. PROFESSIONAL EXPERIENCE

02/2021-present	<p><i>Assistant Professor (Tenure track)</i> Department of Epidemiology, Human Genetics & Environmental Sciences School of Public Health The University of Texas Health Science Center at Houston (UTHealth) Dallas, Texas</p> <p><i>Director and Faculty</i> Pilot Projects Research Training Program (Program Director) Occupational Epidemiology Doctoral Research Training Program (Program Director) Southwest Center for Occupational and Environmental Health The University of Texas Health Science Center at Houston (UTHealth), Houston, Texas</p>
10/2018-01/2021	<p><i>Postdoctoral Research Fellow – Perinatal and Birth Defects Epidemiology</i> Arkansas Center for Birth Defects Research and Prevention Fay W. Boozman College of Public Health University of Arkansas for Medical Sciences Little Rock, Arkansas</p> <p>Research Supervisor: Dr. Wendy Nembhard. MPH, PhD, FACE, <i>Center Director and Department Chair</i> Projects: Birth defects research including designing and implementing studies at Arkansas (AR) center using National Birth Defects Prevention Study (NBPDS)/</p>

Birth Defects Study to Evaluate Pregnancy Exposures (BD-STEPS) data with collaborations at Centers for Disease Control and Prevention (CDC), other NBDPS centers nationwide (NY, NJ, TX, NC, UT, IA, GA, CA), Arkansas Department of Health, Arkansas Reproductive Health Monitoring System

Postdoctoral Research Fellow – Epidemiology

UAMS College of Public Health COVID-19 Response
Fay W. Boozman College of Public Health
University of Arkansas for Medical Sciences
Little Rock, Arkansas

Project Supervisor: Mark L. Williams, PhD, *Dean* & Benjamin C. Amick, PhD, *Associate Dean of Research*

Projects: COVID-19 biweekly projections and forecasts, Arkansas pandemic pulse poll

05/2015-08/2018

Graduate Research Assistant

Southwest Center for Occupational and Environmental Health
University of Texas School of Public Health
Houston, Texas

Research Supervisor: Dr. George L. Delclos, MD, MPH, PhD

Project: Work-Related Asthma in Texas Healthcare Workers (R01)

01/2015-08/2015

Graduate Teaching Associate

University of Texas School of Public Health
Houston, Texas

Course taught: PH 9995-500/600/700 Capstone course (Lead instructor)

09/2013-12/2014

Graduate Teaching Assistant

University of Texas School of Public Health
Houston, Texas

Course: PH 9995-500/600/700 Capstone course

05/2013—7/2013

Health Education and Promotion Specialist Intern

WKU Health Services
Western Kentucky University
Bowling Green, Kentucky

01/2012-08/2013

Graduate Assistant

WKU Interactive Video Services
Western Kentucky University
Bowling Green, Kentucky

03/2011-06/2011

Chief Medical Officer

Ravi Surgical Hospital
Ahmedabad, Gujarat, India

03/2010-02/2011

Intern (Medicine and Surgery)

Smt. B.K. Shah Medical Institute & Research Centre

Gujarat University

Vadodara, Gujarat, India

B. RESEARCH

Primary interests: Birth defects and perinatal epidemiology, occupational and environmental health, and exposure science

Research areas: Maternal and child health, occupational and environmental exposures, data science, chronic and infectious diseases, health disparities, and global health

Research focus: My research integrates birth defects epidemiology, occupational and environmental exposure science, and data-driven methods to investigate risk factors and long-term outcomes associated with congenital anomalies and adverse pregnancy outcomes. Using population-based surveillance systems, administrative health databases, and advanced epidemiologic and data-science approaches, I examine how maternal workplace and environmental exposures influence reproductive, perinatal, and child health. This work aims to strengthen exposure assessment, identify populations at elevated risk, and generate evidence that informs prevention strategies, workplace protections, and improved maternal and child health outcomes.

B.1. PEER-REVIEWED PUBLICATIONS

Notation: Co-first authorship is indicated parenthetically. Mentored student first authors are underlined, and student-authored manuscripts are marked with an asterisk (*). Manuscripts with more than 20 authors are shown in condensed form.

Research metrics: Google Scholar, August 4, 2026 - Citations: 13,291 (13,123 since 2021); h-index: 21 (19 since 2021); i10-index: 30 (30 since 2021).

COVID-19 Forecasts, Projections, and Impact Assessments.

University of Arkansas for Medical Sciences; July 2020-January 2021.

Co-author of a series of 15 statewide technical reports published throughout the COVID-19 pandemic. The reports provided timely projections of infections, hospitalizations, intensive-care utilization, and mortality to support Arkansas pandemic surveillance, emergency-response planning, public-health guidance, and deliberations concerning statewide COVID-19 mitigation policies and regulations. Findings were disseminated to state leaders, public-health authorities, healthcare organizations, and the public and received extensive coverage from state and regional news outlets.

B.5. INVITED LECTURES

- 2025 “Introduction to Epidemiology and Biostatistics.” Young Scientists of America, Dallas, TX, July 2025.
- 2025 “Birth Defects—Co-occurrences and Occupational Exposures.” UAMS Research Showcase, University of Arkansas for Medical Sciences, Little Rock, AR, February 2025.
- 2024 “Maternal Occupations and Occupational Exposures: Impacts on Birth Defects in Epidemiological Research.” Environmental and Occupational Health Sciences Doctoral Research Seminar Series, UTHealth Houston School of Public Health, Houston, TX, November 2024.
- 2023 “SWCOEH Trainee Program.” EPSA Meeting, UTHealth Houston School of Public Health, Houston, TX, November 2023.

2023 “Epidemiology of Birth Defects: Focus on Occupational Exposures and Co-occurrence Patterns.” Summer Scholars Seminar Series, UTHealth Houston School of Public Health at Dallas, Dallas, TX, June 2023.

2023 “Patient Data Collection: Observational Data and Health Services Research.” U.N. Mehta Institute of Cardiology and Research Centre, Ahmedabad, Gujarat, India, February 2023.

2023 “Research Area Expertise.” Spring Kickoff Faculty Research Elevator Speeches, Dallas, TX, January 2023.

2023 “Prevalence and Clustering of Congenital Heart Defects among Boys with Hypospadias.” Birth Defects Symposium, Texas Medical Center, Houston, TX, January 2023.

2022 “Prevalence and Clustering of Congenital Heart Defects among Boys with Hypospadias.” Dallas Student Association Fall Journal Club, Dallas, TX, November 2022.

2022 “Survey Methodology.” Guest lecture, Epidemiology II, Dallas, TX, September 2022.

2022 “Pilot Projects Research Training Program Overview.” Southwest Center for Occupational and Environmental Health Retreat, El Paso, TX, July 2022.

2022 “Research Methods and Implementation of Practice in the Field of Cardiology.” U.N. Mehta Institute of Cardiology and Research Centre, Ahmedabad, Gujarat, India, April 2022.

C. GRANTS & FUNDING SUPPORT

Ongoing Research Support

CDC/NCBDDD: NU01DD000060 (Agopian/Patel) 09/30/2024–09/29/2029
Surveillance of Congenital Heart Defects Among Children, Adolescents, and Adults: Component A (UTHealth)

This project conducts population-based surveillance of congenital heart defects across the lifespan to improve understanding of health outcomes, healthcare use, and associated disparities among affected children, adolescents, and adults.

Role: Co-Investigator (Transitioning PI 2026) Effort: 33% Total Award Amount: \$2,552,577

UAMS/CDC: U01DD001306 (Nembhard) 09/01/2023–03/31/2027
Component A Core – Birth Defects Study To Evaluate Pregnancy Exposures (BD-STEPS III)

This project investigates maternal exposures and other factors occurring before and during pregnancy to identify potentially modifiable causes of birth defects and inform prevention efforts.

Role: PD/PI Effort: 5% Total Subaward Amount: \$41,504

CDC: U01DD001309 (Agopian) 09/01/2023–03/31/2027
Component A: Texas BD-STEPS III Core

This project supports the Texas component of BD-STEPS III, a multisite study designed to examine pregnancy-related exposures and other factors that may contribute to selected major

birth defects.

Role: Co-Investigator Effort: 5% Total Award Amount: \$2,040,000

NIOSH/CDC: T42OH008421 (Felknor)

07/01/2020–06/30/2026

Southwest Center for Occupational and Environmental Health

This Education and Research Center provides interdisciplinary graduate education, research training, continuing education, and outreach to prepare occupational safety and health professionals and address regional workplace health needs. The center was successfully renewed for an additional five-year funding cycle covering 2026–2031.

Role: Program Director Effort: 12% Total Award Amount: \$9,186,221

Texas Department of State Health Services: Award/Contract Number TBD

08/01/2026–04/30/2027

Birth Defects Surveillance Program Operations (EPI/BDSPO Contract)

This project supports statewide birth defects surveillance operations, including activities to improve the completeness, timeliness, and quality of electronic case reporting for birth defects in Texas.

Role: Lead for ECR Reporting/Key Personnel Effort: 30% Total Contract Amount: \$130,000

Completed Research Support

Texas Department of State Health Services (TX DSHS)

02/01/2025 – 04/30/2025

Strengthening Birth Defects Surveillance in Texas: Innovative Data Linkages, Applied Epidemiology, and Enhanced Prevention and Outreach

This contract supported statewide birth defects surveillance through innovative data linkages, applied epidemiologic analyses, and activities to enhance surveillance quality, prevention, and outreach across Texas.

Role: Co-Investigator Effort: 16.4% Total Contract Amount: \$463,388

UTHSCSA/NIEHS: R01ES031063 (Gimeno)

01/01/2024–12/31/2025

Study of Cleaners in San Antonio: Immunologic and Inflammatory Responses to Total Volatile Organic Compound Exposure

This project examined total volatile organic compound exposures among professional cleaners and evaluated associated immunologic and inflammatory responses to improve understanding of occupational respiratory health risks.

Role: PD/PI Total Subaward Amount: \$45,107

UAMS/CDC: U01DD001285 (Nembhard)

06/01/2023–08/31/2024

Birth Defects Study To Evaluate Pregnancy Exposures (BD-STEPS) II Core & Component B – Stillbirth

This project investigated maternal exposures and other pregnancy-related factors associated with birth defects and stillbirth to improve understanding of their causes and support prevention efforts.

Role: PD/PI Total Subaward Amount: \$82,071

UAMS/PCORI: EACB-23278 (Bryant-Moore)**01/01/2022–12/31/2023***FAITH Network PCOR Training for Researchers*

This project trained researchers in patient-centered outcomes research and strengthened their capacity to engage patients and community partners throughout the research process.

Role: PD/PI Total Award Amount: \$15,117

NIH/NIEHS: R01ES031063 (Gimeno)**03/05/2021–12/31/2023***Study of Cleaners in San Antonio: Immunologic and Inflammatory Responses to Total Volatile Organic Compound Exposure*

This study characterized occupational exposure to total volatile organic compounds among cleaners and evaluated immunologic and inflammatory responses that may contribute to adverse respiratory health outcomes.

Role: Co-Investigator Total Award Amount: \$1,685,649

UAMS/PCORI: 52933 (Bryant-Moore)**05/01/2021–10/14/2021***FAITH Network Research Advocates*

This project prepared community members to serve as research advocates and strengthened their ability to contribute meaningfully to patient-centered research planning, implementation, and dissemination.

Role: PD/PI Total Award Amount: \$8,072

UAMS/PCORI: Award Number Not Provided**10/15/2021–04/14/2023***The FAITH Network's Response to COVID-19*

This project engaged FAITH Network partners in addressing community needs related to COVID-19 and promoted the inclusion of community perspectives in pandemic response and patient-centered research activities.

Role: PD/PI Total Award Amount: \$22,674

Submitted Research Support**NIH: R01 (NIDDK)
2026****Submitted June***Improving Outcomes in a Rural Diabetes Prevention Program with the Addition of the Sustainable Culturally Adapted Food Nutrition Curriculum*

This proposed trial will evaluate whether adding the Sustainable Culturally Adapted Food Nutrition curriculum to a rural Diabetes Prevention Program improves participant outcomes and supports culturally relevant, sustainable diabetes prevention.

Role: Multi-PD/PI Status: Under Review

D. PROFESSIONAL SERVICE**Academic Journals
Editorial Role**

PLOS Global Public Health – Academic Editor

Children – Guest Editor - Special Issue "Advances in the Treatment and Management of Congenital Heart Defects"

Reviewer (Past 3 Years)

Environmental Pollution
 Science Progress
 Cleft Palate Craniofacial Journal
 Workplace Health and Safety
 JAMA Pediatrics
 Journal of Agromedicine
 Annals of Epidemiology
 Birth Defects Research

Book Chapter Reviewer

Elsevier – Reviewer (Targeted Therapy for Central Nervous System: Formulation, Clinical Challenges and Regulatory Strategies – Viral Patel; 2023)

Institutional Service

2025	Co-Chair – Research and Collaboration Subcommittee – Epidemiology Doctoral Student Experience Committee
2026	Member – Epidemiology Curriculum Committee
2024	Member – Epidemiology Preliminary Examination Committee
2024	Member – UTHealth Houston Faculty IT Advisory Committee
2024	Member – UTHealth Faculty Practice Council
2024	Annual Practicum Day Judge
2023	Annual Practicum Day Judge
2023	Epidemiology Preliminary Exam Faculty Proctor
2021	Epidemiology Preliminary Exam Faculty Proctor

Grants Reviewer

2024	Grant Reviewer, Pilot Projects Research Training Program, NY/NJ Occupational Safety & Health Center
2021-2023	Grants Program Director, NIOSH SWCOEH-ERC Pilot Projects Research Training Program
2023	Grant Reviewer, NIOSH SWCOEH-ERC Pilot Projects Research Training Program
2023	Grant Reviewer, UT Tyler Southwest Ag Center Pilot Projects
2021	Grant Reviewer, Children's Clinical Research Advisory Council (CCRAC) 2021

Professional Service/National Recognition

Society for Pediatric Epidemiologic Research (SPER) – Programming Committee
 National Birth Defects Prevention Network (Committee Member – Publications and Communications)
 National Birth Defects Prevention Network (Committee Member – Diversity and Inclusion)
 Health Equity Leadership Institute (HELI), Madison WI – Scholar and Alumni
 Kentucky Public Health Association (2012-13) – WKU Chapter – Activities Chair Coordinator
 NIOSH's Alice Hamilton Award nominations for the Epidemiology and Surveillance category – Reviewer
 NIOSH Annual Southwest Centers Symposiums – Host and Organizer

Memberships

Society for Epidemiologic Research
 Society for Pediatric and Perinatal Epidemiologic Research
 Society for Birth Defects Research and Prevention
 Cochrane Systematic Reviews
 Arkansas Public Health Association
 Kentucky Public Health Association – WKU Chapter
 Texas Public Health Association (TPHA) – Member

Volunteer Activities/Community Service

2025-Present Research Mentor – Young Scientists of America 501(c)(3)
 2024 Participated in CDC/BD-STEPS Stillbirth Component Replication
 2024 SER 2024 Abstract Reviewer
 2024 National Birth Defects Prevention Study – Data Sharing Editor
 2020-21 COVID-19 Outbreak Activities Volunteer, University of Arkansas for Medical Sciences
 2018 Epidemiology Program Volunteer Researcher, Harris County Public Health, Houston, TX
 2014-15 Volunteer Graduate Research Assistant, The University of Texas School of Public Health, Houston, TX

E. TEACHING/ADVISING

E.1. Courses taught at UTHealth Houston School of Public Health

Semester	Course Name	Instructional Role (Effort)
Spring 2022	Epidemiology III	Co-Instructor (50%)
Spring 2022	Practicum	Instructor (100%)
Spring 2023	Epidemiology III	Instructor (100%)
Summer 2023	Injury Epidemiology	Instructor (100%)
Spring 2024	Applied Epidemiological Analysis	Instructor (100%)
Summer 2024	Injury Epidemiology	Instructor (100%)
Fall 2024	Epidemiology III	Instructor (100%)
Summer 2025	Injury Epidemiology	Instructor (100%)
Fall 2025	Intermediate Epidemiology	Instructor (100%)
Spring 2026	Applied Epidemiological Analysis	Instructor (100%)
Summer 2026	Injury Epidemiology	Instructor (100%)

E.1. Internship/Practicum/Research Volunteer Advisor

Student Name	Term	Location	Topic
Tiffany Tang	Summer 2023	Center for Pediatric Population Health	Pediatric and Perinatal Epidemiology
Abigail Allen	Summer 2022	Center for Pediatric Population Health	Pediatric and Perinatal Epidemiology
Sneha Manoharan	Summer 2021-Current	Center for Pediatric Population Health	Pediatric and Perinatal Epidemiology
Shilpa Vishwasrao-Patil	Fall 2021-Spring 2022	Center for Pediatric Population Health	Pediatric Epidemiology
Swapnil Gupta	Fall 2021-Spring 2022	Center for Pediatric Population Health	Pediatric Epidemiology

E.2. Dissertation/Thesis Committees

Student Name	Degree	Dissertation/Thesis Title	Role
Amanda Valentine	PhD	Workforce Composition and Clinic Efficiency: A Quantitative Study of Pediatric Hematology and Oncology Clinics in Texas	Committee Member
Anna Holdiman	PhD	Integrated Care for People Experiencing Homelessness: Service Delivery, Outcomes, and Stigma	Academic Advisor
Aro Choi	PhD	Understanding Temporary Work Disability and Its Relationship to Permanent Work Disability and Early Retirement Among U.S.	Academic Advisor
Suzanne Monsour	PhD	The Impact of Outpatient and Specialty Care Before, During and After Hospitalization on 30-Day Hospital Readmission Rates for Patients with Type 2 Diabetes	Breadth Advisor
Shabnam Bhuiyan	PhD	Presenteeism in Texas HealthCare Workers: The Role of Shiftwork and Asthma	External Reviewer
Fatima Sheriff	PhD	Epidemiologic Features of Preterm Birth among Infants with Trisomy 21 in Texas, 1999-2018	Committee Member
Kelly Oyer-Peterson	PhD	Health and Health Behaviors by Occupation among Employed Houston Residents in 2010 and 2018	Academic Advisor
Deepali Ernest	PhD	The Social and Structural Determinants of Polycystic Ovarian Syndrome Among Women of Reproductive Age in the United States.	Dissertation Chair
Emma Bergqvist	PhD	Pediatric Long COVID: Associations of Race, Ethnicity, and Social Determinants of Health at the Household Level	Advisor
Alvin Estacio	PhD	Characterizing Cardiovascular Disease (CVD)-Related Workplace Health Promotion Program Participation (WHPP) Among Building Cleaning Workers and Employers in the United States	Advisor
Aparajita Chandrashekhar	PhD	Obesity Severity, Discrimination and Sleep Health in United States	Dissertation Chair
Kimberly Hsu	PhD	Comparing Effectiveness of Direct Primary Care on Cost, Disease Prevention and Clinical Outcomes Across Employer Groups	Breadth Advisor

E.3. Student/Trainee Advisor

(2021 – present, all UTSPH students are in Epidemiology unless otherwise noted)

Student Name	Degree	Years Served
Meredith Burgess	PhD	2026 - Ongoing
Regina Mercado	PhD	2025 - Ongoing
Deep Shah	PhD	2025 - Ongoing
Karen Alvarez	MPH	2025 - Ongoing
Aparajita Chandrashekhar	PhD	2024 - 2026
Emma Bergqvist	PhD	2024 - 2025
Ricardo Sanchez	MPH	2024 - Ongoing

Lajjaben Patel	MPH	2024 - Ongoing
Callan Kaut	MPH	2024 - Ongoing
Aro Choi	PhD	2023 - Ongoing
Alvin Estacio	PhD	2023 - Ongoing
Kelly Oyer-Peterson	PhD	2023 - 2025
Anna Holdiman	PhD	2022 - Ongoing
Maria Valencia	MPH	2022 - 2025
Ashlynn Singh	MPH	2022 - 2024
Elyse McNamara-Pittler	MPH	2022 - 2024
Patrick Baziha	MPH	2022 - 2025
Yasmin Hamad	MPH	2021 - 2024
Victoria Hung	MPH	2021 - 2023
Thea Pascual	MPH	2021 - 2023
Angie Benedetto	MPH	2021 - 2022
Sudha Khakurel	MPH	2021 - 2025
Aishwarya Reddy	MPH	2021 - 2022

Media coverage of co-authored COVID-19 reports (listed above in B.2. section). Addressed by school officials (Chancellor, Dean, and Associate Dean of Research at UAMS)

A series of co-authored statewide COVID-19 forecasts, projections, and impact assessments was published by the UAMS Fay W. Boozman College of Public Health during 2020-2021. The reports translated evolving surveillance and modeling data into timely estimates of infections, hospitalizations, critical-care demand, and mortality, supporting statewide pandemic response planning, public-health guidance, mitigation policy, and regulatory deliberations. Findings were communicated by UAMS leadership and received extensive state and regional media coverage
