

Kymberle L. Sterling, DrPH, MPH

Curriculum Vitae

Overview	Associate Professor, Tenured Chair, Inclusion, Diversity, Equity & Advocacy Committee Public Health Behavioral Scientist Tobacco-Related Health Disparities Researcher Adolescent & Young Adult Researcher Mentor		
	My research program focuses on cancer prevention among youth and young adults. I have a track record of federally funded research in adolescent and young adult tobacco use, tobacco-related health disparities, and tobacco regulatory sciences. I am a forward leader with a commitment to mentoring junior faculty and students.		
Education	Community Health Sciences Health Promotion/Health Education Module University of Texas Health Science Center at Houston, School of Public Health	DrPH	2005
	Maternal and Child Health Community Health Sciences Department Tulane University School of Public Health and Tropical Medicine	MPH	1998
	Cell and Molecular Biology Cell and Molecular Biology Department Newcomb College, Tulane University	BS	1997
Fellowships	Pre-doctoral Fellow National Cancer Institute, Cancer Prevention, and Control Training Program, Center for Health Promotion and Prevention Research University of Texas Health Science Center at Houston, School of Public Health, Houston, TX 2003-2005		
Professional Experience	Diversity Officer Inclusion, Diversity, Equity and Advocacy (IDEA) Committee University of Texas Health Sciences Center School of Public Health		2021-
	Associate Professor, Tenured Health Promotion & Behavioral Sciences University of Texas Health Sciences Center School of Public Health Dallas, TX		2018-
	Public Health Research Scientist Battelle Memorial Institute, Atlanta, GA		2017-2018
	Associate Professor, Tenured Assistant Professor Division of Health Promotion & Behavior School of Public Health Georgia State University, Atlanta, GA		2014-2008
	Post-doctoral Research Associate National Cancer Institute Cancer Education and Career Development Program University of Illinois at Chicago, Chicago, IL		2005-2008

Technical Skills

- Mixed-Methodology Data Collection and Analysis
- Discrete and Volumetric Choice Experiments
- Latent Variable Modeling Techniques (e.g., Structural Equation Modeling, Latent Transition Analysis)
