INVITED LECTURES FOR NON SCIENTIFIC AUDIENCES

Wellington Lecture, Kananas City. Organized by Science Pioneers. September 27th. 1997

The C.G. Wellington Memorial Lecture series is a tribute to the people of Greater Kansas City in memory of C.G. Wellington, former Executive Editor of The Kansas City Star. Its purpose is to provide Kansas Citians, and particularly the youth, an opportunity to hear a prominent scientist speak on current research in his or her field of expertise. Mr. Wellington believed that all citizens should be literate to the happenings in science and technology, and it is with this thought a speaker is selected each year.

Yoder Honor Lecturship, Tacoma, Washington, November 1999.
A series of one day lectureships, now in it's 27th year.
