

**University of Texas Health Science Center at Houston
School of Public Health
Curriculum Vitae**

Paige Padgett (Wermuth) PhD, MPH

Assistant Professor, Division of Management, Policy, and Community Health

The University of Texas Health Science Center Houston- School of Public Health

1200 Pressler St. E931

Houston, Texas 77030

Office Phone: 713-500-9219

Paige.M.Padgett@uth.tmc.edu

Education

B.A.	Anthropology, University of Houston	1992
M.A.	Anthropology, University of Houston Thesis: "The Effects of Status and Residency Patterns on Infection among the Late Classic Maya at Copan, Honduras."	1996
M.P.H.	Disease Control, The University of Texas Health Science Center at Houston School of Public Health Thesis: "Folk Constructions of Syphilis in an African-American Community in Houston, TX."	1999
Ph.D.	Behavioral Sciences, The University of Texas Health Science Center at Houston School of Public Health Dissertation: "The Effects of the Internet on Women's Sexual Health and Sexuality."	2003

Professional Experience

2015- present	Assistant Professor (NTT) Management Policy and Community Health (MPACH)	The University of Texas Health Science Center at Houston School of Public Health
2014- 2015	Faculty Associate Management Policy and Community Health (MPACH)	The University of Texas Health Science Center at Houston School of Public Health
2011- 2014	Research Associate Management Policy and Community Health (MPACH)	The University of Texas Health Science Center at Houston School of Public Health
2006- 2011	Research Associate Center of Infectious Diseases, Epidemiology Department	The University of Texas Health Science Center at Houston School of Public Health
2003- 2005	Post-doctoral Fellow Center for Health Promotion and Prevention Research (CHPPR)	The University of Texas Health Science Center at Houston School of Public Health
1996- 1997	Lecturer, Anthropology Department	The University of Houston
1993- 1995	Teaching Assistant, Anthropology Department	The University of Houston

Honors

2010	The Texas HIV/STD Research Award	17th Texas HIV/STD Conference Texas Public Health Association &The Texas Department of State Health Services
------	----------------------------------	--

Current Research Grants

1/01/12-12/31/2028	6 NU62PS005092-02-02 (CDC) Behavioral Surveillance Services (NHBS): Conduct behavioral surveillance among persons at increased risk for HIV infection in rotating annual cycles in three different populations: Men who have Sex with Men (MSM), People Who Inject Drugs (PWID), and Heterosexuals at increased risk for HIV (HET). Funding Agency: City of Houston (HOU) and Centers for Disease Control & Prevention Faculty Role: Co-I (PIs: Wermuth, Khuwaja), total: 1,808,574; direct \$1,438,473
1/1/2022- 3/20/2028	HIV Behavioral Surveillance in High-Risk Population (Trans Population Subproject). Conduct behavioral surveillance for HIV infection among Women of Trans Experience (WTE) and Trans Feminine Persons (TFP) in Houston, Texas. Funding Agency: City of Houston (HOU) and Centers for Disease Control & Prevention Faculty Role: Co-I (PIs: Wermuth, Khuwaja), total: \$223,172; direct \$179,184
9/30/2022- 9/29/2026	Safety II Together: Coupling teaming science with patient engagement and health information transparency to coproduce diagnostic excellence. Funding Agency: Agency for Healthcare Research & Quality/DHHS (AHRQ) Faculty Role: Co-I (PIs: Thomas, Bell), total: \$3,920,768; direct: \$2,865,311
9/01/2019- 8/31/2023	0014784 Cross-agency Coordination on Healthcare Strategies and Measures (5 Agency) Funding Agency: TDHHS Faculty Role: Co-I, total: \$10,000,000; direct: \$8,695,652
6/1/2023- 5/31/2024	Impact of Health Literacy on Infections after surgical treatment (Health LIT) Study. Study health literacy (HL) in patients undergoing emergency surgery to evaluate its impact on the development, timing of diagnosis, and severity of postoperative infectious complications. The goal is to develop an intervention to address HL to reduce the prevalence and impact of infectious complications. Funding Agency: Surgical Infection Society (SIS) Faculty Role: Co-I (PI: Mueck), total: \$35,000
12/1/2023 -2/28/2025	0018923 Evaluation of a Community-Based Paramedicine Program for Acute Service Users in San Antonio Funding Agency: Episcopal Health Foundation (EHF) Faculty Role: Co-I (PIs: Tsai, Schick), total: \$124716; direct \$11,358

5/1/2024-4/30/2025 0019354
Reducing Use of Antibiotics without a Prescription Among Outpatients in a Safety Net Healthcare System
Funding Agency: Baylor College of Medicine (BCM)/Agency for Healthcare Research & Quality/DHHS (AHRQ)
Faculty Role: PD/PI (PIs: Trautner, Grigoryan), total \$23,026; direct \$8,266

Completed Research Grants

2/16/2021 - 6/13/22 UL1 TR003167 NIH (through CTSA/CCTS)
Community Health Initiated Research Partnership (CHIRP) Fellowship award. Pilot project collaboration with UTHealth SPH and Doctors For Change (DFC) to explore the effects of healthcare stereotype threat on health communication for trans men in Houston and create culturally competent communication tools. These tools will improve patient experiences, promote positive sexual health, and reduce health disparities.
Funding Agency:
Faculty Role: PI, total: \$25,000

05/01/18-04/30/19 HHS000141800001
Evaluation of Intellectual and Developmental Disabilities (IDD) UTHealth SPH provided consulting services to HHSC regarding the evaluation of IDD services and supports provided in a managed care delivery model to inform the transition of LTSS. The evaluation included a comprehensive national review, comparison, and report of other states' managed care delivery models for individuals with IDD; analysis of the IDD transitions to managed care delivery models including STAR, STAR Kids, and STAR+PLUS; analysis of CFC; analysis of service coordination models for individuals with IDD; and analysis of lessons learned during preparation for the IDD managed care delivery model pilot project and any barriers to execution. Funding Agency: TDHHS
Role: Co-Investigator (PI: Krause); total: \$517,352; direct: \$397,963

09/01/12-07/31/16 1R01MH096690-01
Multilevel HIV Prevention Intervention for Young African American Men
UTHealth School of Public Health will administer the Multilevel HIV Prevention for Black Men to approximately 333 YBMSM in Houston each year of the project. We will recruit participants into the survey through convenience sampling of men recruited from venues popular with young black MSM, self-referrals from young black MSM who see recruitment materials in the community, and snowball referrals from other study participants. Data from the formative research will be used to identify community venues where black MSM can be recruited and days and times when productive recruitment activities can be conducted. Funding agency: U of CAL. At San Francisco/NIH
Role: Co-I; (PI: Kegeles)

- 11/01/13-08/31/16 5R01MH102171-03
Community Mobilization to Improve the HIV/AIDS Continuum of Care among Black Men
To conduct extensive formative research, contact organizations providing care to HIV-positive black young MSM; to identify potential participants, in-depth interviews with young black positive men using focus groups or other strategies to determine seeds and recruitment methods. Funding agency: U of CAL. At San Francisco/NIH
Role: Co-I; (PI: Kegeles), total: \$170,065; direct: \$123,718
- 8/1/2012- 5/31/2013 5P30-AI036211-18
Center for AIDS Research Pilot Project – Social Media and HIV/AIDS Risk in YMSM Community. To assess the feasibility of using Facebook advertisements to recruit young men who have sex with men into online sexual health research; creating ad campaigns to test the performance of ad images and ad titles for recruitment; online anonymous survey for YMSM demographics, sexual risk behaviors, and homonegativity.
Funding Agency
Faculty role: PI
